NOVEMBER 2012

Commodore

The summer that never was has finally departed - what will the winter bring us?

Thanks to Mike Wilson's foresight the bay was again filled with cruiser spinnakers as the First Class 8s raced around the buoys both for class racing and with other cruisers for handicap racing. A full programme of cruiser racing is keenly anticipated for next year.

Mick Kneale's fine looking gaffer Genesta II proved to be competitive in the mixed fleet. Mick achieved such fine workmanship that it seemed a shame to get it wet at the beginning of the season!

The dinghy fleet had a mixed summer of racing. Training was also interrupted by too much wind or lack of it. Congratulations go to Greg Kelly for his Tera-ific collection of wins, National Inland, World Championship and our own Open Championship. Full reports on these and all major events can be viewed on our website.

Amie Shute won the Tomlinson Trophy at the IOM youth Championship after a good second place behind Russell and June Collister at the Club Regatta.

Mike Pridham has been Laser-ing in far -flung places such as Australia. (Did he take the Laser as sports equipment or hand luggage ??)

Thanks go to our event sponsors, Appleby for the Tera Open
